

## One Council for Norfolk Backed by Cabinet

Councillors have backed a report which says replacing Norfolk's eight councils with one would save £36.2m per year and deliver the biggest benefits to residents.

Norfolk County Council's cabinet has selected a single unitary council as its preferred option, which will be developed into a detailed proposal and submitted to the Government in September.

Norfolk County Council has studied data and evidence on the pros and cons of one, two or three unitary councils and asked the public what mattered to them about local councils and services. It is proposing that its preferred option is one unitary council, covering the whole area.

### What are the key aspects of Local Government Reorganisation?

- **Proposal:** Replace Norfolk's 8 councils with **one unitary council**.
- **Savings:** Estimated **£36.2 million per year**.
- **Decision:** Norfolk County Council's cabinet chose this as the **preferred option** on **23 June 2025**.
- **Next Step:** A detailed proposal will be submitted to the Government by **26 September 2025**.

### Why One Council?

- **Consistent Services:** Same Council Tax, service quality, and access across Norfolk.
- **Cost Efficiency:** Cuts duplication, reduces senior roles, and benefits from bulk purchasing.
- **Avoids Fragmentation:** Keeps complex services like adult care and highways unified—splitting them could cost an extra **£20.4m–£33.6m/year**.
- **Supports Growth:** Recognises Greater Norwich's role as a county-wide economic hub.

### Council Vision

- **One Voice:** Stronger influence with Government and partners.
- **Clear Accountability:** One council, one election, no confusion.
- **Efficient & Strategic:** Streamlined services and decision-making.
- **Supports Devolution:** Easier to set and deliver county-wide priorities.

## **Norfolk County Council launches new fund for local community projects**

From 1<sup>st</sup> July, local groups across Norfolk can apply for funding through the newly launched Norfolk Community Fund. The Norfolk Council Council grant scheme is designed to support grassroots organisations at the heart of every community.

Each of Norfolk's 84 county councillors has been allocated £5,000 to distribute within their division, ensuring that funding decisions are made by those who know their communities best.

The fund offers grants between £200 and £2,500 to support projects that promote things like social inclusion, volunteering, and community engagement.

For grants of £500 or more, groups will be asked to match 50% of the funding through a Crowdfunding platform, potentially doubling the impact. Smaller grants under £500 do not require match funding, though groups are welcome to crowdfund to increase their total.

With an estimated 10,000 voluntary, community, and social enterprise (VCSE) organisations in Norfolk, including 3,500 registered charities and 6,500 informal groups, the fund aims to provide a vital boost at a time when many are facing financial pressures.

If you are part of a local group and you could benefit from a grant, contact your local county councillor with details of your project and the funding you need. You can find their contact details on the Norfolk County Council website.

For more information about the Norfolk Community Fund, visit [norfolk.gov.uk/communityfund](https://norfolk.gov.uk/communityfund)

## **Norfolk's market towns invited to apply for grants to attract more visitors**

Projects that are aimed at increasing sales and footfall in market towns will be able to apply for grants of between £1,000 and £5,000 through an initiative being rolled out across the whole of Norfolk.

Organisations and businesses are being invited to apply for the Love Your Market Town fund's Pride of Place grants to fund ideas designed to encourage people to visit and shop in their local towns more frequently. The scheme is supported by Norfolk County Council and applicants have until 31<sup>st</sup> August to submit their ideas.

Once ideas have been submitted, they will be reviewed by an independent panel and applicants notified of the outcome by Tuesday 30<sup>th</sup> September.

Applications are welcome from any local groups or business, but any activity must be a brand-new idea and should support multiple areas or services within a Norfolk market

town. There is no limit to the kind of activities that can be funded but the idea must have a link to creating interest or increasing footfall in town centres.

### **More than £3.8m pledged to support apprenticeships through Norfolk levy scheme**

Over £3.8m has been pledged by over 30 donating companies in the first two financial years of Apprenticeships Norfolk's Levy Support Scheme, and more than £3.2m has now been transferred to more than 160 businesses - triple the original £1m target.

The aim of the Levy Support Scheme is to connect businesses to share unspent apprenticeship levy funds through levy transfers, and to offer a bespoke matching service and wraparound support to Norfolk employers.

Donating businesses have included Amazon, RWE, and Norfolk and Norwich University Hospital, while Flagship, Norwich School of Hair & Beauty and Sheringham Little Theatre have been among those which have received funds.

### **Norfolk County Council Ranked Among best for Climate Action**

Norfolk County Council has been recognised as one of the top-performing local authorities in the UK, according to the latest Climate Action Scorecards.

Published by Climate Emergency UK, the scorecard evaluates councils on key areas such as green energy, sustainable transport, and environmental stewardship.

Norfolk County Council has achieved third place among all county councils in the UK, cementing its position as a national leader in climate action. Its overall score has improved by 3 percentage points since 2023, making it the top-performing council in Norfolk.

The Climate Action Scorecards are an independent assessment of local authority climate action. The full results can be found at

<https://councilclimatescorecards.uk/scoring/county/>

The county council's key achievements include:

- **100% Green Electricity:** All council-run buildings use fully renewable electricity.
- **LED Streetlights:** Upgrade saves over 1 million kWh and cuts 200+ tonnes of CO<sub>2</sub> annually.

- **Solar Power:** Rooftop panels now supply 2% of council building electricity.
- **Tree Planting:** Over 600,000 trees planted toward a 1 million tree goal.
- **Electric Buses:** 70 buses introduced in Norwich, saving 3,800 tonnes of CO<sub>2</sub> yearly and improving air quality.

### **New options assessment work for Norwich Western Link**

Norfolk County Council is planning to explore options for a Norwich Western Link to reduce traffic problems and improve travel west of Norwich.

The Council's cabinet will be asked to approve this study, which will include public consultation. The options will cover improving current roads, boosting public transport and active travel (walking, cycling), and building new single or dual carriageway routes.

Traffic congestion in the area causes safety issues, business delays, and problems reaching important places like the Norfolk and Norwich University Hospital and Norwich Airport.

Earlier, the Council applied to build a 3.9-mile dual carriageway road but withdrew the plan due to concerns from Natural England about protected barbastelle bats in the area.

Natural England's new guidance, released just before the application deadline, made the previous road plan unlikely to be approved.

Since then, the Council has talked with the Department for Transport (DfT) and has secured provisional funding of £960,000 (two-thirds of the £1.43 million cost) for the study. The DfT also confirmed no need to resubmit earlier business case documents.

The Council will keep consulting Natural England during the study to ensure any chosen options are acceptable.

As a consequence of the bat concerns and previous feedback, it's unlikely that a dual carriageway or a viaduct over the River Wensum will be included in the options.

A report will go to the cabinet in July, with results of the study and consultation expected next summer. Then, a preferred option for the Norwich Western Link may be recommended.
